Get On Board With New Sentinel™ RailLight, With Biinary™ LED Optics, From Tempo Industries

- ***RailLight is the latest addition to the Sentinel™ family. Tempo has adapted the successful Sentinel Wall Light to RailLight applications using exclusive Biinary™ LED technology, providing the same glare-free high performance for an attractive, safe, interior environment.***

New Product Introduction: Sentinel™ RailLight with Biinary™ LED Optics — compact, dual-directional, interior handrail-mounted light, employing exclusive Biinary™ LED technology.

Product Design: Tempo Industries In-House Product Development and Engineering Team.

Product Manufacturer: Tempo Industries, Inc., founded 1986.

Product Applications: Sentinel™ RailLight with Biinary™ LED Optics mounts readily and is hard-wired to any in-cinema or similar handrails illuminating steps, ramps or passageways. The **RailLight** is well suited not only for cinemas, but theaters and playhouses; dinner theaters, performing arts centers, auditoriums and arenas; casino theaters and showrooms; stadiums and numerous other public entertainment and performance venues.

Product Description: Sentinel™ RailLight with Biinary™ LED Optics is a compact, convenient, durable and easy to install handrail-mounted dual-directional LED lighting system. The **RailLight** illuminates the floor, providing maximum lighting efficiency and distribution in either a single- or center-aisle application.

Tempo Introduces Sentinel™ RailLight . . . page 2

RailLight is the only handrail method that exclusively employs Biinary™ LED color-mix options, which are optically enhanced to provide superior contrast and intensity compared to other rail-lighting methods. LED color-mix options can be selected for each location, and coordinated with interior-design color palettes.

Sentinel™ RailLight meets National Life-Safety Code, state and local code requirements and is fully factory assembled, with easily replaceable Biinary™ LEDs whenever necessary. **RailLight** is available with optional dual-circuit wiring, when specified, to provide backup in a power-supply malfunction.

Construction and Installation: Sentinel™ RailLight with Biinary™ LED Optics is manufactured from steel-reinforced PVC plastic and mounts securely to any specified handrail. **Sentinel™ RailLight** is ETL listed, made in the United States.

Ordering Information: Literature, specifications and pricing for **Sentinel™ RailLight with Biinary™ LED Optics**, or for other Tempo Industries dependable low-voltage specialty and decorative lighting products for the entertainment industry, contact: Tempo Industries, Inc., 1961 McGaw Avenue, Irvine, California 92614.
