

FOR USE UPON RECEIPT — 2007

Tempo Industries Introduces Vanguard™ RowMarker: Custom LED Aisle And Row Lighting, For Premium And Assigned Cinema And Other Seating

- ***The Vanguard™ RowMarker is a compact LED-illuminated sign, designed for the specialized needs of a theater auditorium. Vanguard™ utilizes a low-profile design, combined with glare-free 'edge lit' lighting with standard and custom laser-etching capability.***

New Product Introduction: **Vanguard™ RowMarker** is a breakthrough custom LED edge-lit aisle and row indicator surface light, with signage, advisory or cautionary laser-etched letters, numbers and symbols.

Product Design: Tempo Industries In-House Product Development and Engineering Team.

Product Manufacturer: Tempo Industries, Inc., founded 1986.

Product Applications: **Vanguard™ RowMarker** is ideal for cinema, theater and other premium and assigned seating. It helps patrons easily find, and return to, correct rows and seats within rows, in illuminated or darkened venues. In addition, it can be used with specialized logos, graphics or messages to supplement patron reference and information needs.

Vanguard™ RowMarker is ideal for mounting on sides of premium and reserved aisle-facing seats, in carpeting, or on step and wall risers in cinemas, theaters, and playhouses; dinner theaters, performing arts centers, auditoriums and arenas; casino showrooms and theaters; stadiums and numerous other public entertainment and performance venues.

Product Description: **Vanguard™ RowMarker** is a low-profile, evenly illuminated functional indicator and mini-signage light. Edge lit, its surface embodies distinctive laser-etched characters or symbols (wheelchair, exit row, watch your step, corporate logo) that are eminently readable, vandal resistant. **Vanguard™** provides options for surface mounting to seats, walls or carpets, and a flush-mount version for mounting to carpet treads or risers.

Vanguard™ incorporates a compact three by one inch window, incorporated into a low profile vandal-resistant body. **Vanguard™** offers a wide range of long life, low-maintenance color illumination options that enhance or comply with any interior color palette.

Construction and Installation: **Vanguard™** has a precision injection-molded, polycarbonate body. The unit mounts readily on seats, flush into carpeted floors, on steps and risers or walls for directions and information needs. Patrons find what they are looking for with ease, yet the soft, even LED light casts no glare and uses little energy. **Vanguard™ RowMarker** is ETL listed, made in the United States.

Ordering Information: Literature, specifications and pricing for **Vanguard™ RowMarker** custom LED aisle and row lighting, or for other Tempo Industries dependable low-voltage specialty and decorative lighting products for the entertainment industry, contact: Tempo Industries, Inc., 1961 McGaw Avenue, Irvine, California 92614.
